

Our Hospice and Camp Eva Confidentiality and Data Protection Statement and Agreement

Camp Eva is designed to provide the opportunity for children to openly share their experiences, feelings, and struggles in a safe and supportive environment. It is crucial that the children know that their sharing is confidential. Under no circumstances should any volunteer or participant share names, identifying information, stories shared verbally, photographs or specifics of any child's loss and experience. Release of confidential information, including data, photographs, videos, and camper stories by volunteers and campers is prohibited. Our Hospice will thoughtfully determine what information will be shared with volunteers and will be used for marketing information regarding Camp Eva.

Camp Eva understands that helping others in grief can be emotional. Emily Sommers is available for any volunteer or participant who needs to process any activity or information that occurred at Camp Eva.

By signing below, you are agreeing to uphold the confidentiality agreement for Camp Eva.
